GOEBEL MONUMENT BASE REPLACED WITH NEW ONE

The base of the Goebel monument, which stands in front of the steps leading to the Capitol building, at Frankfort, is to be replaced by a new one. The present base was placed in position in the fall of 1913 and the statue of former Governor William Goebel was unveiled during the 1914 session of the General Assembly.

The base was never accepted by the Sinking Fund Commissioners, as it is cracked in several places. The monument cost the State \$20,000. Of this amount \$10,000 has been paid and the remainder will be paid the contractors if the new base which is to take place of the old one is in perfect condition.

The base about to be placed in position is the third one made for the statue of Governor Goebel. The second one remains in the yards of the freight depot as it arrived, in bad condition.

Work of removing the present base has been started by a corps of workmen. It is a big undertaking and considerable time will elapse before the new base is put into position.

A TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." VETS TO MEET IN LOUISVILLE OCTOBER 3 AND 4

State Convention of American Legion Will Sound Keynote Against Un-Americanism

BROAD PLATFORM IS ADOPTED

Louisville, Ky., August 4.—(Special) When the soldiers, sailors and marines of Kentucky meet at the State Convention of the American Legion in Louisville, October 3 and 4, as the representatives of 100,000 veterans of the world war, the keynote to be struck will be that of a new vigilance organization which will stand for the protection of American ideals and which will oppose with its full strength lawlessness in any degree, whether it is based on open adherence to Bolshevism or any other form of anarchy or whether it takes the more insidious phase of secret propaganda based on any kind of adulterated Americanism.

Judge Henry De Haven Moorman, of Hardinsburg, State Commander, and Attila Cox, Jr., Organization Chairman, declare that they reflect the views of the returned veterans when they assert that the new American Legion is standing firmly on the platform that pro-Germanism and its kindred are as odious today as ever.

"The Legion," states Commander Moorman, "is merely the continuance, in an organized way of the force for good which our 4,000,000 soldiers, sailors and marines represented in the war. They are organizing themselves so that demobilization of our armed forces will not have dissipated this great force. With an awakened conscience, regarding their individual and collective responsibility in a new light, they propose to keep America safe for democracy."

At a meeting in Louisville yesterday, the time of the State Convention was fixed and arrangements were made by Organization Chairman Cox to have every county represented in the deliberations of the first after-the-war assembly of veterans in Kentucky. An intimation of the great protective activities of the Legion is expected to be given during the meeting. George B. Ewald, of Louisville, is chairman of the State Convention Committee, which is working with the Louisville Convention and Publicity League in planning the convention.

Activities of the American Legion are well under way. Beginning August 4, a corps of volunteer workers left for a tour of the state, perfecting local organizations and making sure that Kentucky will be fully represented when the first national convention of the Legion is held, beginning Armistice Day, November 11, in Minneapolis. Veterans are calling November 11 "American Legion Day."

The American Legion will be a semi-governmental adjunct. Its incorporation in Congress is pending. It is behind various Congressional bills designed to make laws against alien and domestic disturbers more effective and to make 100 per cent Americanism a reality.

President Wilson has endorsed the Legion. In the American Legion Weekly of July 25, a letter from the President is quoted as follows:

"I am happy to have this opportunity to address a word of greeting and comradeship to the men who have served in the Army, Navy and Marine Corps and are now banding themselves together to preserve the splendid traditions of that service. I have had a chance to see these men on land and sea, at home and abroad. The spirit of their service was as splendid as its success, and the continuation of that spirit in the American Legion will make it always an inspiration to the full performance of high and difficult duties."

Kentucky headquarters, 714 Inter-Southern Building, Louisville, is a place of varied activity. A state employment bureau, under Emmet O'Neal, is in operation, and Mr. O'Neal is in touch with local posts which also have employment officers. Charles H. Moorman is War Risk Officer, co-operating with local posts in looking after insurance, bonus and compensation problems of the soldiers and sailors now back home. Colonel Arthur Woods, assistant secretary of war, has asked the full help of the Legion throughout the country in looking after the employment question. Lieutenant H. B. Turner, of his staff, at a conference in Louisville last week, arranged with Legion leaders and representatives of the War Camp Community Service, for the immediate opening of a central bureau in the downtown section. Lieutenant Turner is now visiting other cities in the state with a similar object.

Dr. Arthur McCormack, of Bowling Green, as rehabilitation officer, is pushing vocational training and at the same time is interesting medical men in the Legion. James P. Gregory is planning a speakers' campaign and is endeavoring to bring nationally prominent members of the Legion to Kentucky.

Another phase of activity at state headquarters is the issuance of charters to local posts. Fifteen have been thus far and numerous others are in process of formation, according to D. A. Sachs, State Adjutant.

Buick Five-Passenger Touring Car

THE BUICK Model K-45 is a very capable open car for five persons, designed to cover the multitude of uses to which such a car is put. It differs from the big seven-passenger model only in tonneau and chassis length, possessing the same degree of ruggedness, easy-flowing power and mechanical excellence.

The tonneau is even more liberally proportioned. The seat is full three-passenger capacity, set at a comfortable angle. The sides are upholstered clear to the doors with the same French pleated leather used on the cushions and seat backs. Each of the four doors is equipped with a side pocket for storing small parcels. The instrument board is illuminated by a dash lamp. Top and side curtains are made of high grade fabric, the curtains swinging open with the doors. Behind the front seat is a very convenient pocket for storing the side curtains when not in use.

TOO MUCH "BULL" IN NEWSPAPER OFFICE.

We have always heard that there is more "bull" used in a newspaper office than in any other place, but we never thought any editor had more than he could use until a real Shorthorn bull stampeded on the street at Mt. Olivet and took refuge in the office of The Tribune.

A GREAT REMEDY.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by P. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends." (adv-aug)
